Vision

01

Connect aspiring entrepreneurs with retiring business owners

02

Provide personalized recommendations to create matches

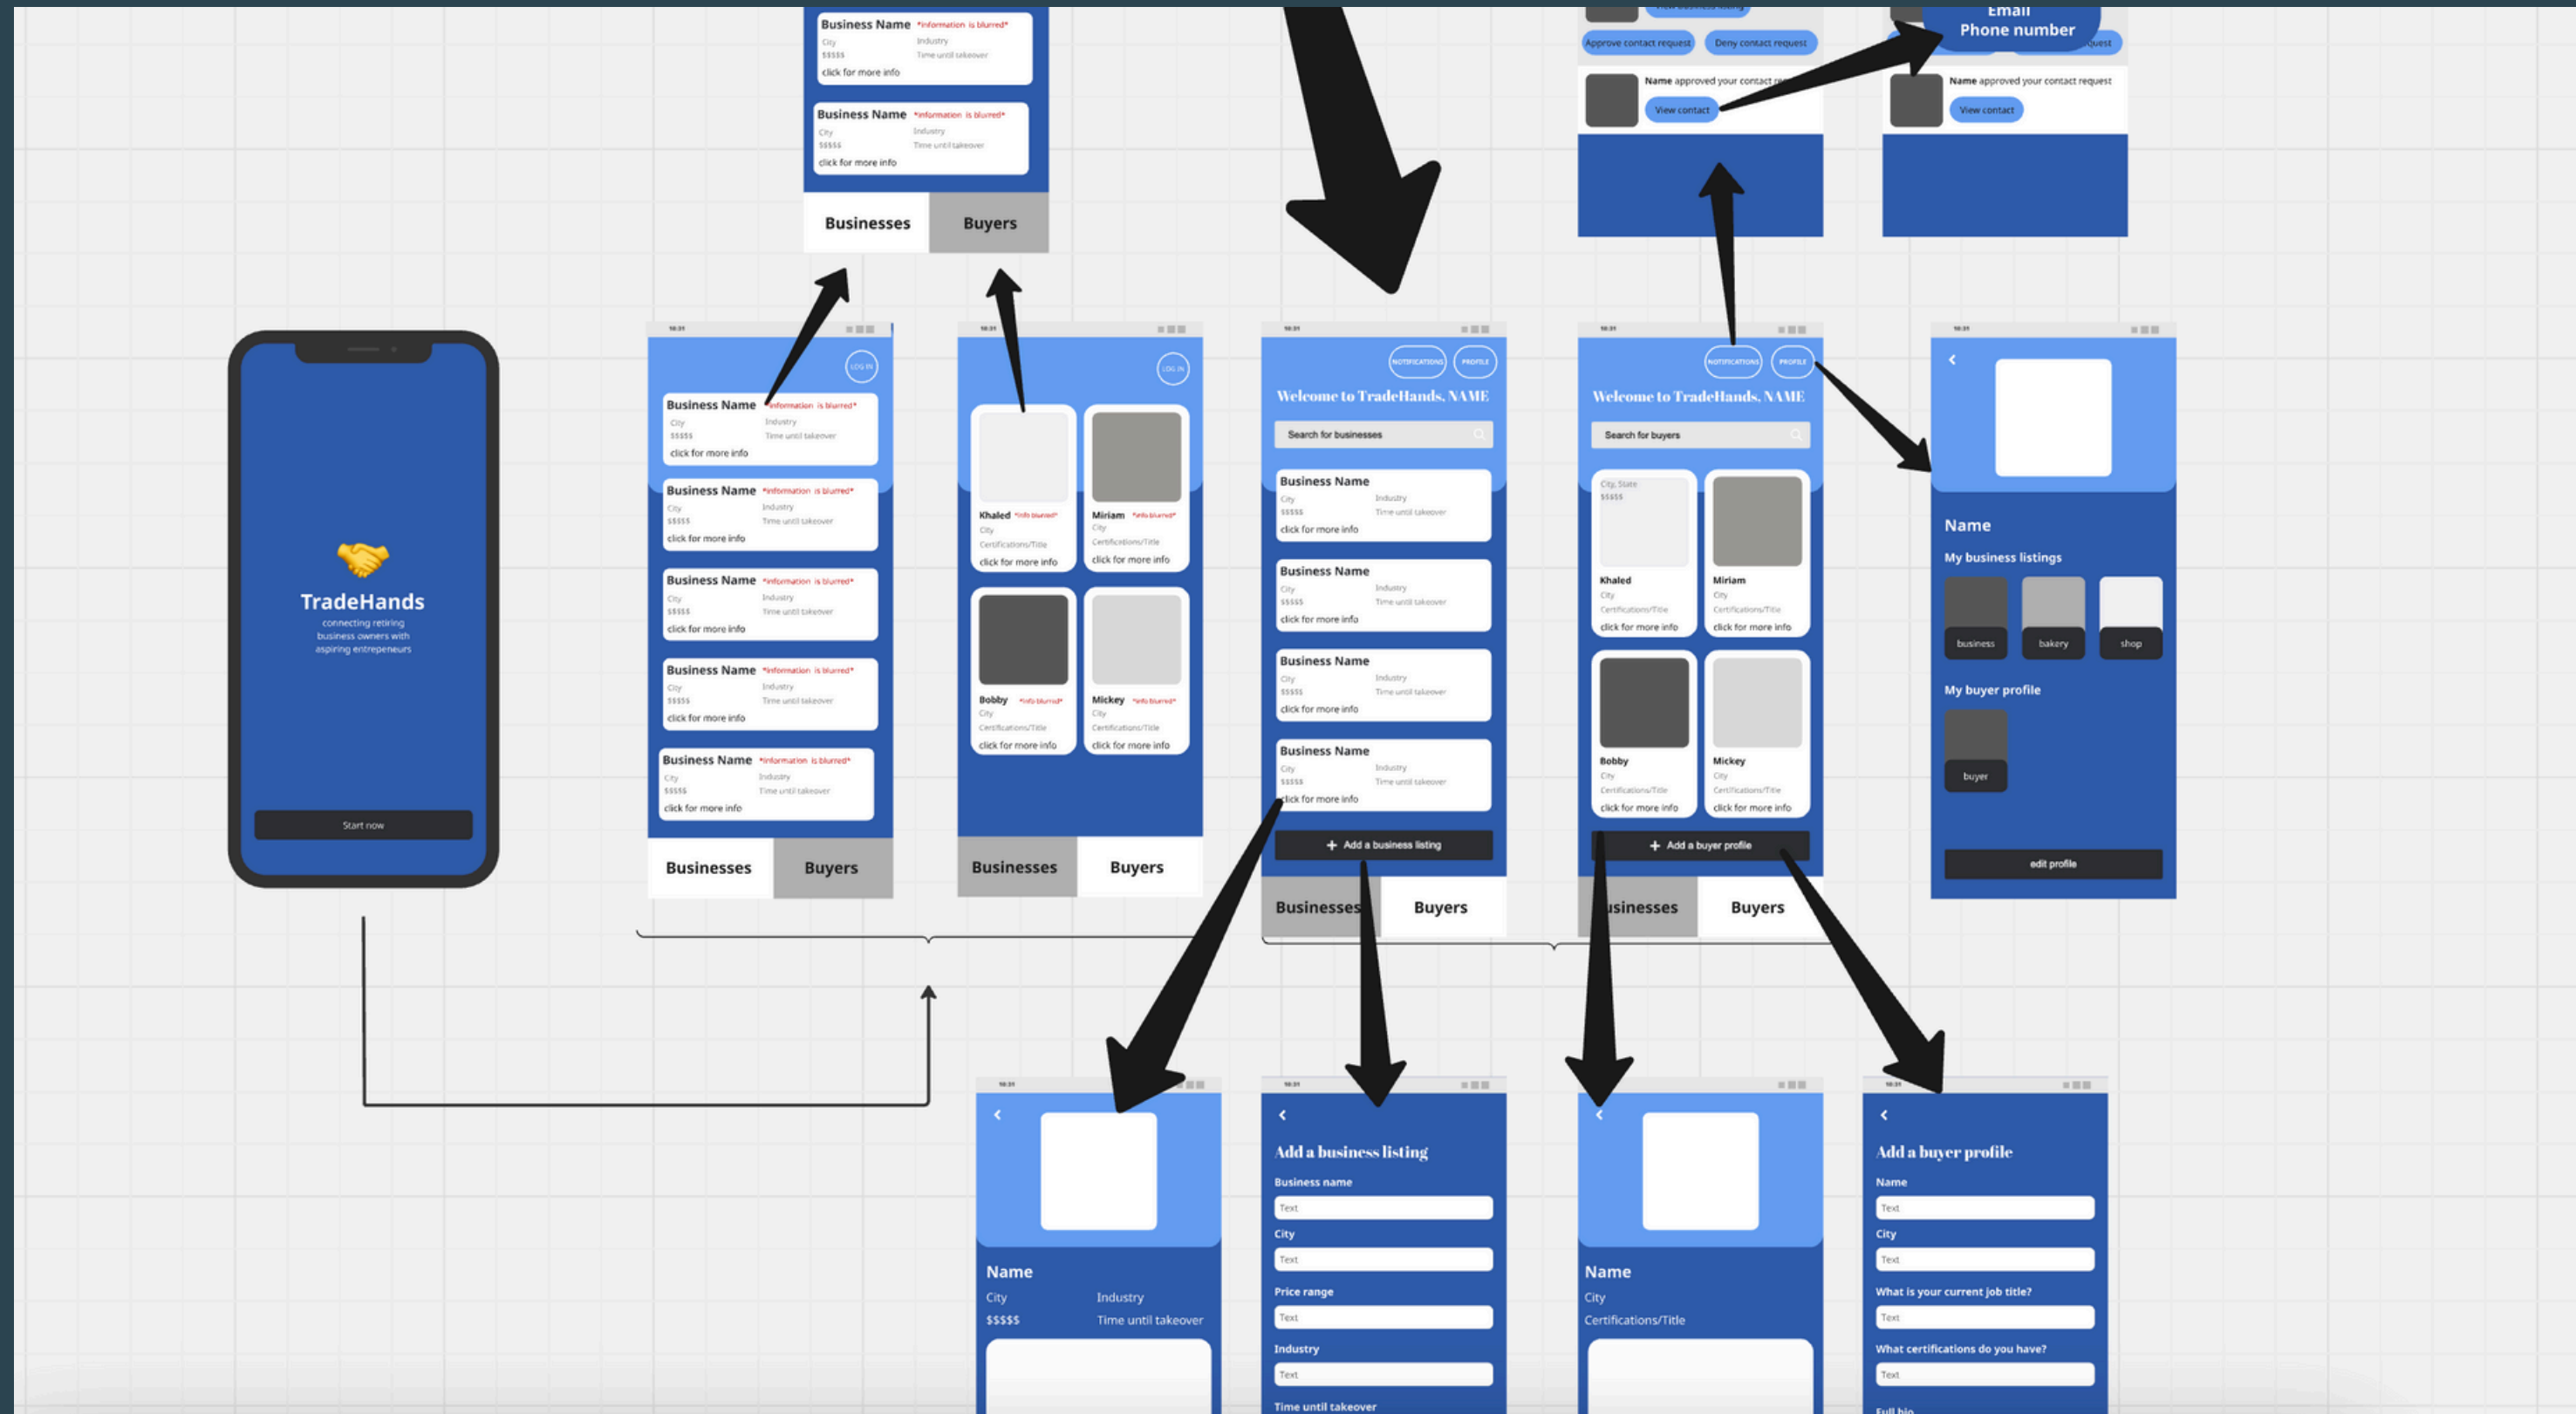

03

Foster genuine offline relationships

Demo

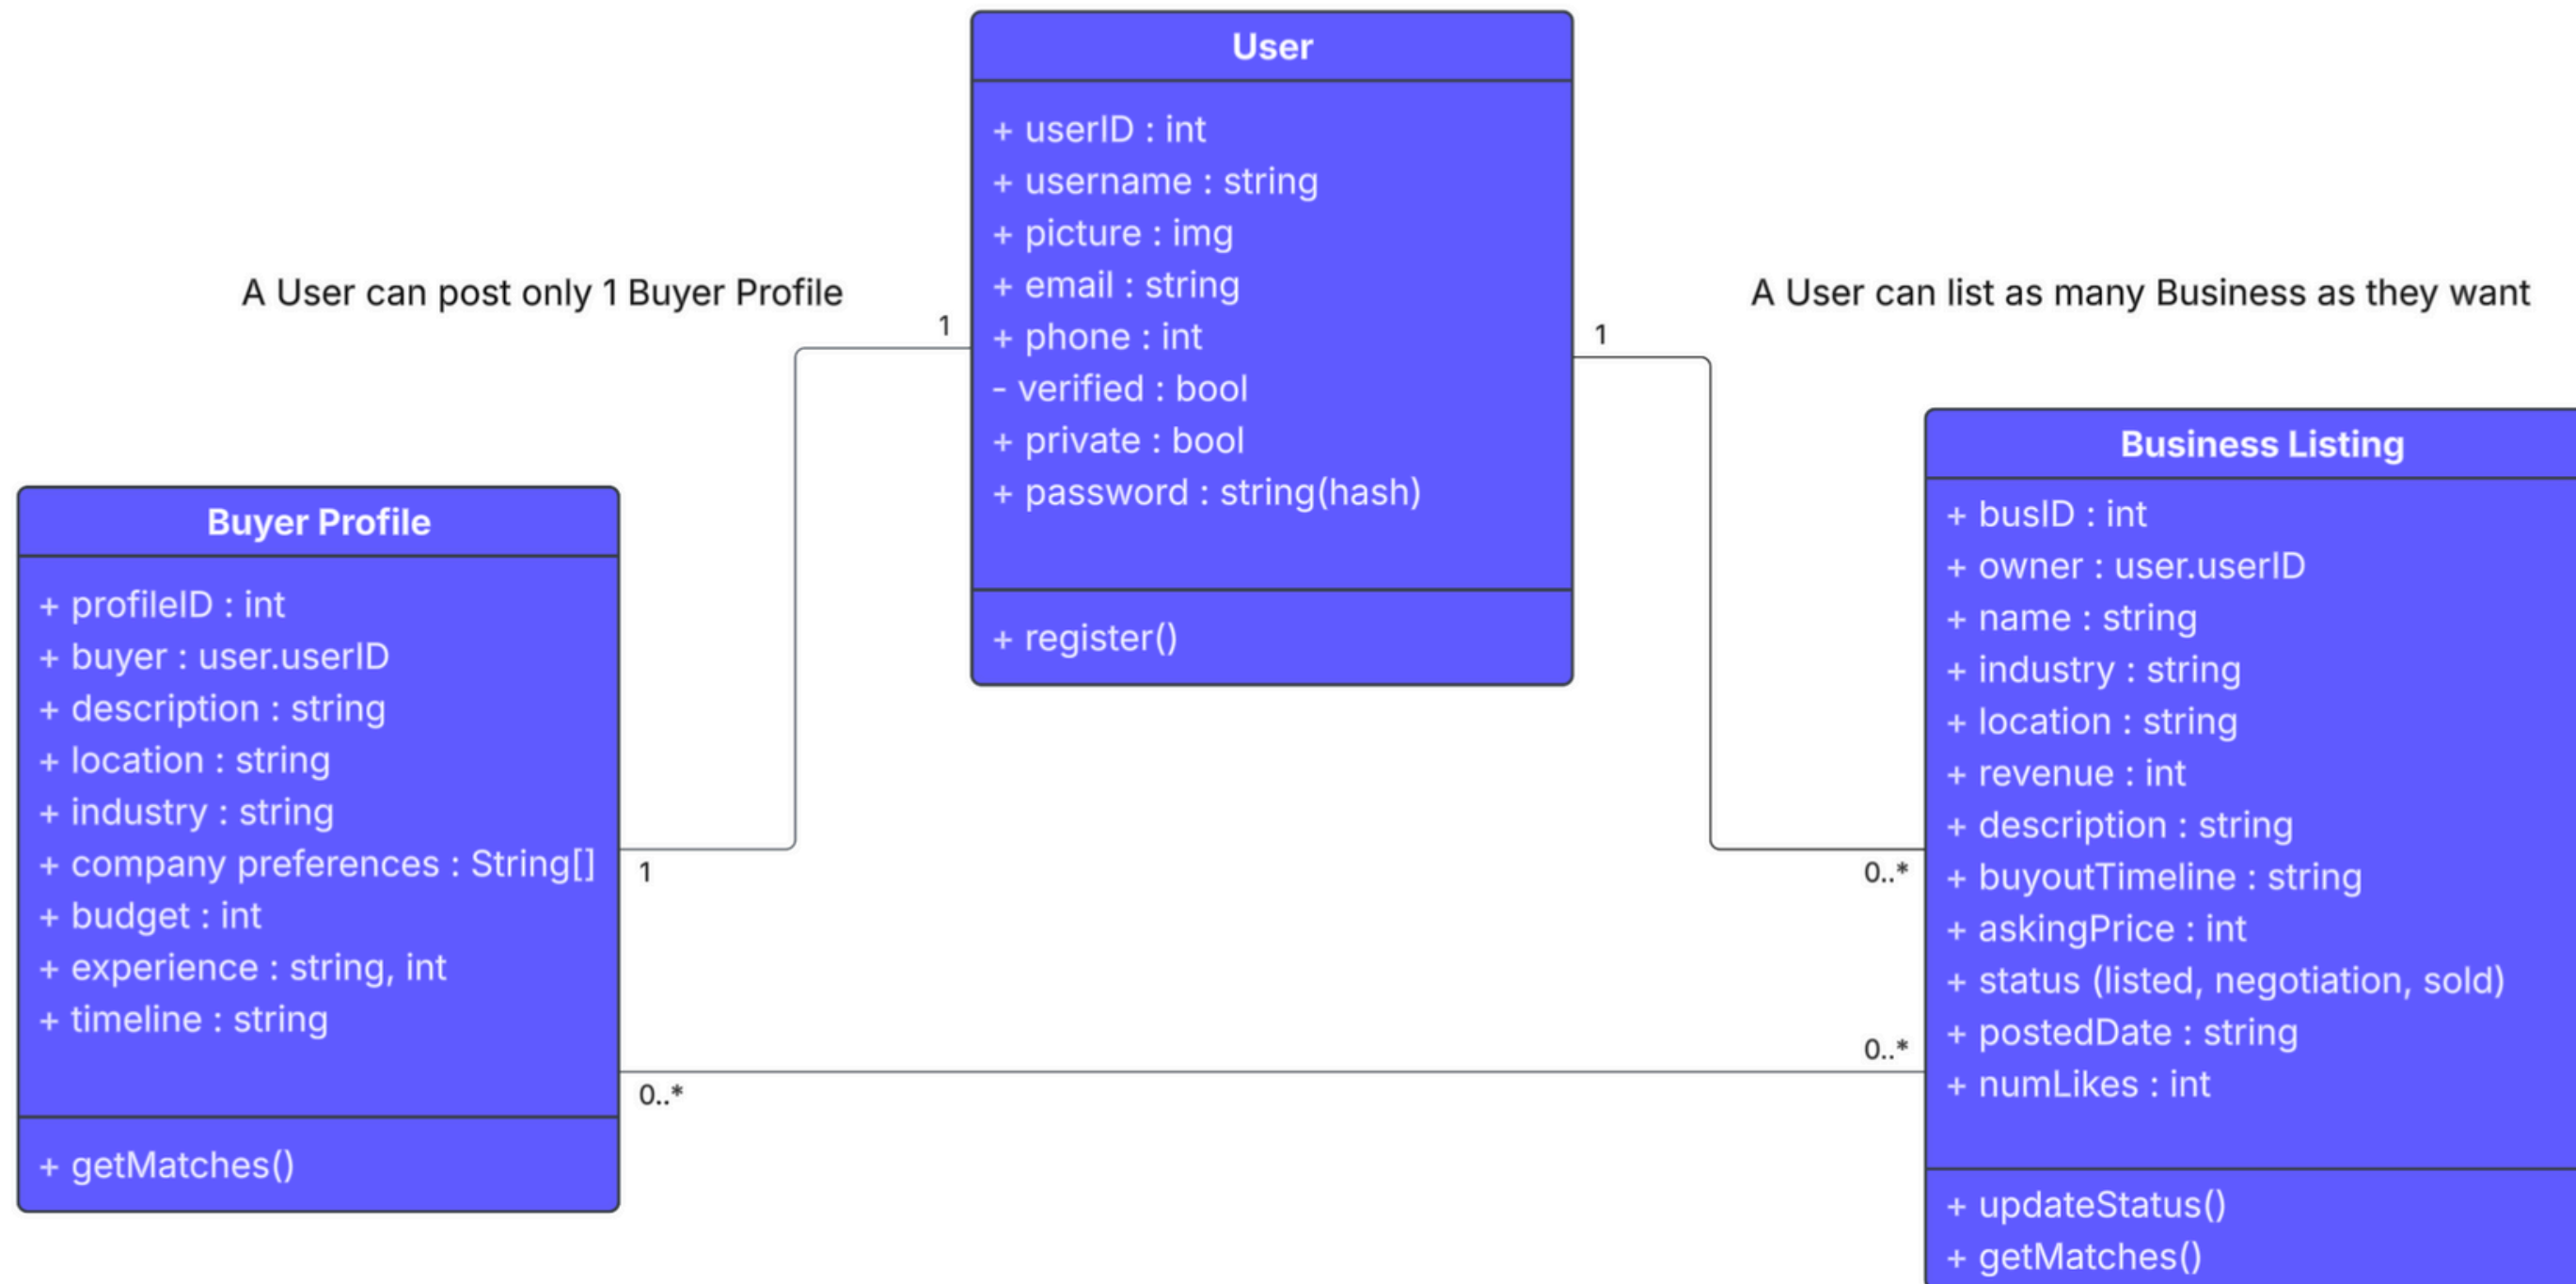

UI Design

Domain Model

A Buyer can express interest in as many Business as they want, and an Owner can express interest in as many buyers as they want. (Joint table for Matches)

Status Update and Next Steps

01

Implement web service and database

02

Use sample data to and accounts to implement the matching algorithm

03

Facilitate communication between users with an interest indication system

04

Testing, testing, testing!
